White supremacy is the belief of, and/or promotion of the belief, that white people (http://en.wikipedia.org/wiki/White_people) are superior to people of other racial backgrounds ([http://en.wikipedia.org/wiki/Race_\(classification_of_human_beings\)](http://en.wikipedia.org/wiki/Race_(classification_of_human_beings))) and that therefore whites should politically, economically and socially dominate non-whites. The term is also used to describe a political ideology (http://en.wikipedia.org/wiki/Political_ideology) that perpetuates and maintains the social (<http://en.wikipedia.org/wiki/Society>), political (<http://en.wikipedia.org/wiki/Politics>), historical (http://en.wikipedia.org/wiki/Historical_revisionism) and/or industrial (http://en.wikipedia.org/wiki/Institutional_racism) dominance of whites. Different forms of white supremacy have different

conceptions of who is considered white, and different white supremacist identify various groups as their primary enemy.

Sovereign Citizen Movement (http://en.wikipedia.org/wiki/Sovereign_citizen_movement#2013)

The “sovereign citizen” movement is a loosely organized collection of groups and individuals who have adopted a right-wing anarchist ideology originating in the theories of a group called the Posse Comitatus in the 1970s. Its adherents believe that virtually all existing government in the United States is illegitimate and they seek to “restore” an idealized, minimalist government that never actually existed. To this end, sovereign citizens wage war against the government and other forms of authority using “paper terrorism” harassment and intimidation tactics, and occasionally resorting to violence.

History

The concept of a sovereign citizen originated in the [Posse Comitatus movement](http://en.wikipedia.org/wiki/Posse_Comitatus_(organization)) ([http://en.wikipedia.org/wiki/Posse_Comitatus_\(organization\)](http://en.wikipedia.org/wiki/Posse_Comitatus_(organization))) as a teaching of [Christian Identity](http://en.wikipedia.org/wiki/Christian_Identity) (http://en.wikipedia.org/wiki/Christian_Identity) minister William P. Gale. The concept has influenced the [tax protester](http://en.wikipedia.org/wiki/Tax_protester) (http://en.wikipedia.org/wiki/Tax_protester) movement, the [Christian Patriot movement](http://en.wikipedia.org/wiki/Christian_Patriot_movement) (http://en.wikipedia.org/wiki/Christian_Patriot_movement), and the [redemption movement](http://en.wikipedia.org/wiki/Redemption_movement) (http://en.wikipedia.org/wiki/Redemption_movement)—the last of which claims that the U.S. government uses its citizens as collateral against foreign debt. (http://en.wikipedia.org/wiki/Sovereign_citizen_movement#cite_note-carey-5)

Gale identified the [Fourteenth Amendment to the United States Constitution](http://en.wikipedia.org/wiki/Fourteenth_Amendment_to_the_United_States_Constitution) (http://en.wikipedia.org/wiki/Fourteenth_Amendment_to_the_United_States_Constitution) as the act that converted sovereign citizens into federal citizens by their agreement to a contract to accept benefits from the federal

government. Other commentators have identified other acts, including the Uniform Commercial Code (http://en.wikipedia.org/wiki/Uniform_Commercial_Code), the Emergency Banking Act (http://en.wikipedia.org/wiki/Emergency_Banking_Act), the Zone Improvement Plan (http://en.wikipedia.org/wiki/Zone_Improvement_Plan), and the alleged suppression of the Titles of Nobility Amendment (http://en.wikipedia.org/wiki/Titles_of_Nobility_Amendment). (http://en.wikipedia.org/wiki/Sovereign_citizen_movement#cite_note-11)

Some of those in the movement consider the term “sovereign citizen” an oxymoron, preferring to view themselves as sovereign individuals “seeking the Truth”.

Sovereign Citizen Movement

Origins: Circa 1970; fully developed by early 1980s

Ideology: Anti-government, some white supremacist elements

Outreach: Vigilante courts, seminars, shortwave radio, the Internet, “schools of common law”

Notable Episodes: 1996 Montana Freeman standoff; 1997 Republic of Texas standoff Tactics “Paper terrorism,” including frivolous lawsuits, frivolous liens, fictitious financial instruments, fictitious automobile-related documents, and misuse of genuine documents such as IRS forms; various frauds and scams.

CHRISTIAN IDENTITY MOVEMENT

(http://en.wikipedia.org/wiki/Christian_Identity)

Included within the Christian Identity movements are: **Anglo-Israelism, British-Israelism, and some white supremacists, anti-semitic and other hate groups.**

Terminology:

The term “*Christian Identity*” has two distinct meanings:

Anglo-Israelism (a.k.a. British-Israelism): A theological belief that the Anglo-Saxon, Celtic, Scandinavian, Germanic and associated cultures are the racial descendents of the tribes of Israel. Thus, by extension, Americans and Canadians, are composed of the descendents of the ancient Israelites of the Hebrew Scriptures (Old Testament).

Racist, Christian-based faith groups: A number of small, extremely conservative Fundamentalist Christian denominations which have accepted Anglo-Israelism, and grafted it to racist, sexist,

anti-communist and homophobic beliefs. They view the Jewish people as descendants of Satan. Followers tend to be involved in political movements opposing gun control, equal rights to gays and lesbians, and militia movements.

The second meaning has become dominant in the U.S. and Canada. We will use it for the remainder of this essay.

History:

The **Christian Identity** movement is a movement of many extremely conservative Christian churches and religious organizations, extreme right wing political groups and survival groups. Some are independent; others are loosely interconnected. According to Professor Michael Barkun, one of the leading experts in the *Christian Identity* movement, *"This virulent racist and anti-Semitic theology, which is practiced by over 50,000 people in the United States alone, is prevalent among many right wing extremist groups and has been called the 'glue' of the racist right."*

The largest *Christian Identity* movement has traditionally been the **Ku Klux Klan** which was reorganized in 1915 by William Simmons, a Christian pastor. He had been inspired by the film *The Birth of a Nation* which portrayed the KKK as a champion of white civilization. The KKK slid into obscurity by the second World War, but was revitalized in the mid 1950's as a reaction to enforced racial integration in the southern US.

Christian Identity refers to a wide variety of loosely affiliated believers and churches ([http://en.wikipedia.org/wiki/Church_\(building\)](http://en.wikipedia.org/wiki/Church_(building))) with a white supremacist (http://en.wikipedia.org/wiki/White_supremacist) theology. Most promote a racist (<http://en.wikipedia.org/wiki/Racist>) interpretation of Christianity (<http://en.wikipedia.org/wiki/Christianity>).

According to Chester L. Quarles, professor of criminal justice at the [University of Mississippi](http://en.wikipedia.org/wiki/University_of_Mississippi) (http://en.wikipedia.org/wiki/University_of_Mississippi), some of the Christian Identity movement's followers hold that non-Caucasian (http://en.wikipedia.org/wiki/Caucasian_race) peoples have no souls ([http://en.wikipedia.org/wiki/Soul_\(spirit\)](http://en.wikipedia.org/wiki/Soul_(spirit))), and can therefore never earn God's favor or be saved. Believers in the theology affirm that Jesus Christ (http://en.wikipedia.org/wiki/Jesus_Christ) paid only for the sins of the House of Israel ([http://en.wikipedia.org/wiki/Kingdom_of_Israel_\(Samaria\)](http://en.wikipedia.org/wiki/Kingdom_of_Israel_(Samaria))) and the House of Judah (http://en.wikipedia.org/wiki/House_of_Judah) and that salvation must be received through both redemption and race.

In many variations of Christian Identity thought, a key commonality is British Israelism (http://en.wikipedia.org/wiki/British_Israelism), which teaches that many white Europeans are the literal descendants of the Israelites (<http://en.wikipedia.org/wiki/Israelite>) through the ten tribes (http://en.wikipedia.org/wiki/Ten_Lost_Tribes) which were taken away into captivity by the armies of Assyria (<http://en.wikipedia.org/wiki/Assyria>). Christian Identity asserts that these white European Israelites are still God's chosen people, that Jesus was an Israelite of the tribe of Judah (http://en.wikipedia.org/wiki/Tribe_of_Judah), and that modern Jews (<http://en.wikipedia.org/wiki/Jew>) are not at all Israelites nor Hebrews (<http://en.wikipedia.org/wiki/Hebrew>), but are instead descended from people with Turco (http://en.wikipedia.org/wiki/Turkic_peoples)-Mongolian (<http://en.wikipedia.org/wiki/Mongols>) blood, or Khazars (<http://en.wikipedia.org/wiki/Khazar>), or are descendants of the biblical Esau (<http://en.wikipedia.org/wiki/Esau>)-Edom, who traded his birthright for a bowl of red stew (Genesis 25:29–34 (<http://www.blueletterbible.org/Bible.cfm?b=Gen&c=25&t=KJV>)).

Modern Identity Christianity evolved from the nineteenth-century doctrine of British Israelism. The ideological transformations that would arise from a theology originally *favorable* to the Jews into the racist (<http://en.wikipedia.org/wiki/Racism>) and anti-Semitic (<http://en.wikipedia.org/wiki/Anti-Semitic>) doctrines of Christian Identity took place in the interwar years (http://en.wikipedia.org/wiki/Interwar_years) of the twentieth century ... While it is impossible to locate the precise moment at which modern Identity Christianity was born, several key events are particularly notable. A 1930 Bible conference brought together a number of leading American British Israelites, including Howard Rand (http://en.wikipedia.org/w/index.php?title=Howard_Rand&action=edit&redlink=1), the head of the Anglo-Saxon Federation of America (http://en.wikipedia.org/wiki/Anglo-Saxon_Federation_of_America).

The Christian Identity movement first received widespread attention by mainstream media in 1984, when the white nationalist (http://en.wikipedia.org/wiki/White_nationalist) organization known as The Order ([http://en.wikipedia.org/wiki/The_Order_\(group\)](http://en.wikipedia.org/wiki/The_Order_(group))) embarked on a murderous crime spree before being taken down by the FBI (http://en.wikipedia.org/wiki/Federal_Bureau_of_Investigation). Tax resister (http://en.wikipedia.org/wiki/Tax_resister) and militia movement (http://en.wikipedia.org/wiki/Militia_movement) organizer Gordon Kahl (http://en.wikipedia.org/wiki/Gordon_Kahl), whose death in a 1983 shootout with authorities helped inspire The Order, also had connections to the Christian Identity movement. The movement returned to public attention in 1992 and 1993, in the wake of the deadly Ruby Ridge (http://en.wikipedia.org/wiki/Ruby_Ridge) confrontation, when newspapers discovered that former Green Beret (http://en.wikipedia.org/wiki/United_States_Army_Special_Forces) and right-wing (<http://en.wikipedia.org/wiki/Right-wing>) separatist Randy Weaver (http://en.wikipedia.org/wiki/Randy_Weaver) had at least a loose association with Christian Identity believers.

(http://en.wikipedia.org/wiki/Christian_Identity#cite_note-8)

No single document expresses the Christian Identity belief system; however, adherents draw upon arguments from linguistic, historical, archaeological and biblical (<http://en.wikipedia.org/wiki/Bible>) sources to support their beliefs. Estimates are that these groups have 2,000 to 50,000 members in the [United States](http://en.wikipedia.org/wiki/United_States) (http://en.wikipedia.org/wiki/United_States), and an unknown number in [Canada](http://en.wikipedia.org/wiki/Canada) (<http://en.wikipedia.org/wiki/Canada>) and the rest of the [British Commonwealth](http://en.wikipedia.org/wiki/Commonwealth_of_Nations) (http://en.wikipedia.org/wiki/Commonwealth_of_Nations).

Christian Identity believers reject the beliefs of most contemporary Christian denominations. They claim that modern Christian churches are teaching a heresy (<http://en.wikipedia.org/wiki/Heresy>): the belief that God's promises to [Israel](http://en.wikipedia.org/wiki/Israel) (<http://en.wikipedia.org/wiki/Israel>) (through [Abraham](http://en.wikipedia.org/wiki/Abraham) (<http://en.wikipedia.org/wiki/Abraham>), [Isaac](http://en.wikipedia.org/wiki/Isaac) (<http://en.wikipedia.org/wiki/Isaac>), and [Jacob](http://en.wikipedia.org/wiki/Jacob) (<http://en.wikipedia.org/wiki/Jacob>)) have been expanded to create a spiritual people of "Israel", which constitutes the Christian "Church". In turn, most modern Christian denominations and organizations denounce Christian Identity as heresy and condemn the use of the [Christian Bible](http://en.wikipedia.org/wiki/Bible) (<http://en.wikipedia.org/wiki/Bible>) as a basis for promoting white supremacy and [anti-Semitism](http://en.wikipedia.org/wiki/Anti-Semitism) (<http://en.wikipedia.org/wiki/Antisemitism>). Adherents of Christian Identity claim that Europeans are the true descendants of the biblical [Jacob](http://en.wikipedia.org/wiki/Jacob) (<http://en.wikipedia.org/wiki/Jacob>), hence they are the true Israel, and that it is those who are against the interests of European-descended Christians that are the true anti-Semites.

The Militia Movement

The militia movement is a relatively new right-wing extremist movement consisting of armed paramilitary groups, both formal and informal, with an anti-government, conspiracy-oriented ideology. Militia groups began to form not long after the deadly standoff at Waco, Texas, in 1993; by the spring of 1995, they had spread to almost every state. Many members of militia groups have been arrested since then, usually on weapons, explosives and conspiracy charges. Although the militia movement has declined in strength from its peak in early 1996, it remains an active movement, especially in the Midwest, and continues to cause a number of problems for law enforcement and the communities in which militia groups are active.

The **militia movement** is a political (<http://en.wikipedia.org/wiki/Political>) movement of paramilitary (<http://en.wikipedia.org/wiki/Paramilitary>) groups in the United States (http://en.wikipedia.org/wiki/United_States). Members of the movement typically refer to themselves as militia (<http://en.wikipedia.org/wiki/Militia>), “unorganized militia”, and “constitutional militia”. While groups such as the Posse Comitatus ([http://en.wikipedia.org/wiki/Posse_Comitatus_\(organization\)](http://en.wikipedia.org/wiki/Posse_Comitatus_(organization))) existed as early as the 1980s, the movement gained momentum after controversial standoffs with government agents in the early 1990s. By the mid-1990s, groups were active in all 50 states with membership

estimated at between 20,000 and 60,000. Although in unconnected groups, they may be united in their beliefs of the federal government's threat to their freedom and, in particular, the movement's opposition to any limit of the Second Amendment (http://en.wikipedia.org/wiki/Second_Amendment_to_the_United_States_Constitution) right to bear arms.

Origins: Mid-to-late 1993

Prominent leaders: John Trochmann (Montana), Ron Gaydosh (Michigan), Randy Miller (Texas), Charlie Puckett (Kentucky), Mark Koernke (Michigan), Carl Worden (Oregon), Gib Ingwer (Ohio)

Prominent groups: Kentucky State Militia, Ohio Unorganized Militia Assistance and Advisory Committee, Southeastern Ohio Defense Force, Michigan Militia (two factions using the same name), Southern Indiana Regional Militia, Southern California High Desert Militia-and many others.

Outreach: Gun shows, shortwave radio, newsletters, the Internet.

Ideology: Anti-government and conspiracy-oriented in nature; prominent focus on firearms.

History

The militia movement is a paramilitary (<http://en.wikipedia.org/wiki/Paramilitary>) out-growth of the independent survivalist (<http://en.wikipedia.org/wiki/Survivalism>), anti-tax (<http://en.wikipedia.org/wiki/Anti-tax>) and other causes in the patriot movement (http://en.wikipedia.org/wiki/Patriot_movement) subculture (<http://en.wikipedia.org/wiki/Subculture>) in the United States. The formation of the militias was influenced by the historical precedent of existing paramilitary movements such as the Posse Comitatus ([http://en.wikipedia.org/wiki/Posse_Comitatus_\(organization\)](http://en.wikipedia.org/wiki/Posse_Comitatus_(organization))) and groups associated with protecting liberties of governed people.

Although the far-right (http://en.wikipedia.org/wiki/Far_right) Patriot movement had long been marginalized, cultural factors paved the way for the wide-scale growth of the libertarian (<http://en.wikipedia.org/wiki/Libertarianism>) or ideological Militia movement. This attitude corresponded with the perception that the federal government (http://en.wikipedia.org/wiki/Federal_Government_of_the_United_States)'s powers and reach had increased greatly.

Precursor groups existed in the form of small militias that had organized during the 1970s and 1980s, but the movement underwent a wave of growth and rose to prominence in American culture in the

1990s. Events such as the killing of [Gordon Kahl](http://en.wikipedia.org/wiki/Gordon_Kahl) (http://en.wikipedia.org/wiki/Gordon_Kahl) by government agents, the controversies of the [Presidency of Bill Clinton](http://en.wikipedia.org/wiki/Presidency_of_Bill_Clinton) (http://en.wikipedia.org/wiki/Presidency_of_Bill_Clinton), and the passage of the [North American Free Trade Agreement](http://en.wikipedia.org/wiki/North_American_Free_Trade_Agreement) (http://en.wikipedia.org/wiki/North_American_Free_Trade_Agreement) angered those on the right and left. The catalysts came in the form of the [FBI](http://en.wikipedia.org/wiki/Federal_Bureau_of_Investigation) (http://en.wikipedia.org/wiki/Federal_Bureau_of_Investigation)'s 1992 shootout with [Randy Weaver](http://en.wikipedia.org/wiki/Randy_Weaver) (http://en.wikipedia.org/wiki/Randy_Weaver) at [Ruby Ridge](http://en.wikipedia.org/wiki/Ruby_Ridge) (http://en.wikipedia.org/wiki/Ruby_Ridge), and the government's 1993 [siege](http://en.wikipedia.org/wiki/Waco_siege) (http://en.wikipedia.org/wiki/Waco_siege) and eventual destruction of [David Koresh](http://en.wikipedia.org/wiki/David_Koresh) (http://en.wikipedia.org/wiki/David_Koresh) and the [Branch Davidians](http://en.wikipedia.org/wiki/Branch_Davidians) (http://en.wikipedia.org/wiki/Branch_Davidians) in [Waco, Texas](http://en.wikipedia.org/wiki/Waco,_Texas) (http://en.wikipedia.org/wiki/Waco,_Texas). Historian [Mark Pitcavage](http://en.wikipedia.org/wiki/Mark_Pitcavage) (http://en.wikipedia.org/wiki/Mark_Pitcavage) described the militia movement of the 1990s: (http://en.wikipedia.org/wiki/Militia_movement#cite_note-CAMO-3)

The militia movement is a right-wing movement that arose following controversial standoffs in the 1990s. It inherited paramilitary traditions of earlier groups, especially the conspiratorial, antigovernment [Posse Comitatus](http://en.wikipedia.org/wiki/Posse_Comitatus_(U.S._movement)) ([http://en.wikipedia.org/wiki/Posse_Comitatus_\(U.S._movement\)](http://en.wikipedia.org/wiki/Posse_Comitatus_(U.S._movement))). The militia movement claims that militia groups are sanctioned by law but uncontrolled by government; in fact, they are designed to oppose a tyrannical government. Adherents believe that behind the "tyranny" is a left-wing, globalist conspiracy known as the [New World Order](http://en.wikipedia.org/wiki/New_World_Order_(conspiracy_theory)) ([http://en.wikipedia.org/wiki/New_World_Order_\(conspiracy_theory\)](http://en.wikipedia.org/wiki/New_World_Order_(conspiracy_theory))). The movement's ideology has led some adherents to commit criminal acts, including stockpiling illegal weapons and explosives and plotting to destroy buildings or assassinate public officials, as well as lesser confrontations.

Some Militia groups saw the Davidians and the Weaver family as [martyrs](http://en.wikipedia.org/wiki/Martyr) (<http://en.wikipedia.org/wiki/Martyr>) and used Ruby Ridge and Waco as examples of the federal government's threat to people who refused to conform. Additionally, those two events became a rallying cry to form militias to defend the people against the forces of a government perceived as hostile. Both incidents involved weapons alleged to be illegal and federal agents' efforts to confiscate them. In both, the government failed to produce evidence of illegal activity. Government agencies responsible for the deaths of the Branch Davidians, and members of the Weaver family at Ruby Ridge, were later exonerated and exempted from further investigation. This heightened tensions in militias, as many leaders were [gun rights](http://en.wikipedia.org/wiki/Gun_rights) (http://en.wikipedia.org/wiki/Gun_rights) advocates and firm believers in the [right to bear arms](http://en.wikipedia.org/wiki/Right_to_bear_arms) (http://en.wikipedia.org/wiki/Right_to_bear_arms).

Resentment of the federal government only heightened with the passage of the [Brady Act](http://en.wikipedia.org/wiki/Brady_Handgun_Violence_Prevention_Act) (http://en.wikipedia.org/wiki/Brady_Handgun_Violence_Prevention_Act) in 1993 and the [Assault Weapons Ban](http://en.wikipedia.org/wiki/Federal_Assault_Weapons_Ban) (http://en.wikipedia.org/wiki/Federal_Assault_Weapons_Ban) a year later. Those laws also helped to drive more moderate gun owners into sympathy with some of the militia movement's positions. The USMS and FBI shootings of Sam and Vicki Weaver at Ruby Ridge alienated many in the gun rights movement. Some members of the militia movement viewed this as an attempt by the government to disarm the American people, a preliminary step to clear the way for an invasion of United Nations troops and the establishment of a New World Order. Many people joined militias to protect themselves, their families, and their rights from perceived government intrusion.

The growth of movement had not gone unnoticed. During the 1990s public attention to the militia

movement began to grow. The [Oklahoma City bombing \(http://en.wikipedia.org/wiki/Oklahoma_City_bombing\)](http://en.wikipedia.org/wiki/Oklahoma_City_bombing) on April 19, 1995, the second anniversary of the Waco fire, drew nation-wide attention to the militia movement as [Timothy McVeigh \(http://en.wikipedia.org/wiki/Timothy_McVeigh\)](http://en.wikipedia.org/wiki/Timothy_McVeigh) was erroneously associated with the [Michigan Militia \(http://en.wikipedia.org/wiki/Michigan_Militia\)](http://en.wikipedia.org/wiki/Michigan_Militia). This increased public scrutiny and law enforcement pressure, and brought in more recruits due to the heightened awareness of the movement. (http://en.wikipedia.org/wiki/Militia_movement#cite_note-MILITIA-8)

In March 1996, agents of the FBI and other law enforcement organizations surrounded the 960-acre (390 ha) eastern [Montana \(http://en.wikipedia.org/wiki/Montana\)](http://en.wikipedia.org/wiki/Montana) "Justus Township" compound of the [Montana Freemen \(http://en.wikipedia.org/wiki/Montana_Freemen\)](http://en.wikipedia.org/wiki/Montana_Freemen). The Freemen were a [Sovereign Citizen \(http://en.wikipedia.org/wiki/Sovereign_Citizen_Movement\)](http://en.wikipedia.org/wiki/Sovereign_Citizen_Movement) group that included elements of the [Christian Identity \(http://en.wikipedia.org/wiki/Christian_Identity\)](http://en.wikipedia.org/wiki/Christian_Identity) ideology, espoused [common law \(http://en.wikipedia.org/wiki/Common_law\)](http://en.wikipedia.org/wiki/Common_law) legal theories, and rejected the legitimacy of the [Federal Reserve \(http://en.wikipedia.org/wiki/Federal_Reserve\)](http://en.wikipedia.org/wiki/Federal_Reserve). Montana legislator Carl Ohs mediated through the standoff. Both [Randy Weaver \(http://en.wikipedia.org/wiki/Randy_Weaver\)](http://en.wikipedia.org/wiki/Randy_Weaver) (one of the besieged at Ruby Ridge (http://en.wikipedia.org/wiki/Ruby_Ridge)) and [Bo Gritz \(http://en.wikipedia.org/wiki/Bo_Gritz\)](http://en.wikipedia.org/wiki/Bo_Gritz) (a civilian negotiator at Ruby Ridge) had attempted to talk to the group but had given up in frustration, as did Colorado Senator [Charlie Duke \(http://en.wikipedia.org/wiki/Charlie_Duke\)](http://en.wikipedia.org/wiki/Charlie_Duke) when he had attempted negotiations.

A break finally came when far right leaders abandoned the group to their fate. The group surrendered peacefully after an 81-day standoff and 14 of the Freemen faced criminal charges relating to circulating millions of dollars in bogus checks and threatening the life of a federal judge. The peaceful resolution of this and other standoffs after Ruby Ridge and Waco have been credited by some to the creation of the Critical Incident Response Group ([CIRG \(http://en.wikipedia.org/wiki/CIRG\)](http://en.wikipedia.org/wiki/CIRG)) in the U.S. Department of Justice in 1994. (http://en.wikipedia.org/wiki/Militia_movement#cite_note-11)

Another incident occurred in [Fort Davis, Texas \(http://en.wikipedia.org/wiki/Fort_Davis,_Texas\)](http://en.wikipedia.org/wiki/Fort_Davis,_Texas) a year later in March 1997 when a faction of the self-styled "[Republic of Texas \(http://en.wikipedia.org/wiki/Republic_of_Texas_\(group\)\)](http://en.wikipedia.org/wiki/Republic_of_Texas_(group))" militia group seized hostages. The Republic of Texas group believed that the annexation of Texas as a state in 1845 was illegal, that Texas should remain an independent nation, and that the legitimate government of Texas was the group's leadership. Joe and Margaret Ann Rowe were taken at gunpoint in retaliation for the arrest of member Robert J. Scheidt, who had been arrested on weapons charges. Leader Richard McLaren then declared that the group was in a state of war with the federal government. The property was then surrounded by the entire [Jeff Davis County \(http://en.wikipedia.org/wiki/Jeff_Davis_County,_Texas\)](http://en.wikipedia.org/wiki/Jeff_Davis_County,_Texas) sheriff's department, state troopers, [Texas Rangers \(http://en.wikipedia.org/wiki/Texas_Ranger_Division\)](http://en.wikipedia.org/wiki/Texas_Ranger_Division), and agents of the FBI. McLaren's wife, Evelyn, convinced him to surrender peacefully after a week-long standoff. The McLarens and four other Republic of Texas members were sent to prison. (http://en.wikipedia.org/wiki/Militia_movement#cite_note-END-13)

A 1999 US Department of Justice analysis of the potential militia threat at the Millennium conceded that the vast majority of militias were reactive (not proactive) and posed no threat. In January 2000, the [FBI Project Megiddo \(http://en.wikipedia.org/wiki/Project_Megiddo\)](http://en.wikipedia.org/wiki/Project_Megiddo) report stated:

Most militias engage in a variety of anti-government rhetoric. This discourse can range from the protesting of government policies to the advocating of violence and/or the overthrow of the federal government. However, the majority of militia groups are non-violent and only a small segment of the militias actually commit acts of violence to advance their political goals and beliefs. A number of militia leaders, such as Lynn Van Huizen of the Michigan Militia Corps -Wolverines, have gone to some effort to actively rid their ranks of radical members who are inclined to carry out acts of violence and/or terrorism. Officials at the FBI Academy classify militia groups within four categories, ranging from moderate groups who do not engage in criminal activity to radical cells which commit violent acts of terrorism. It should be clearly stated that the FBI only focuses on radical elements of the militia movement capable and willing to commit violence against government, law enforcement, civilian, military and international targets.

http://en.wikipedia.org/wiki/Militia_movement#cite_note-15

By 2001, the militia movement seemed to be in decline, having peaked in 1996 with 858 groups. However, with the [post-2007 global financial crisis](http://en.wikipedia.org/wiki/Financial_crisis_of_2007%E2%80%932008) (http://en.wikipedia.org/wiki/Financial_crisis_of_2007%E2%80%932008) and the election of [Barack Obama](http://en.wikipedia.org/wiki/Barack_Obama) (http://en.wikipedia.org/wiki/Barack_Obama) to the United States presidency in 2008, militia activity has experienced a resurgence.

The Militia Movement Today

The militia movement is the youngest of the major right-wing anti-government movements in the United States (the sovereign citizen movement and the tax protest movement are the two others) yet it has seared itself into the American consciousness as virtually no other fringe movement has. The publicity given to militia groups in the wake of the Oklahoma City bombing in 1995, when the militia movement was erroneously linked to that tragedy, made them into a household name. Even comedian David Letterman frequently joked about the militia; in 1999, for instance, his list, "Top Ten Signs You're Watching a Bad Disney Movie," included "It's called 'The Little Right-Wing Militia That Could.'" Indeed, reporters, pundits and politicians alike have used the term so frequently that it is often tossed about carelessly as a synonym for virtually any right-wing extremist group.

Yet the militia movement is neither generic nor dismissible as a comic subject. If militia groups were not, in fact, involved with the Oklahoma City bombing, they have nevertheless embroiled themselves since 1994 in a variety of other bombing plots, conspiracies and serious violations of law. Their extreme anti-government ideology, along with their elaborate conspiracy theories and fascination with weaponry and paramilitary organization, lead many members of militia groups to act out in ways that justify the concerns expressed about them by public officials, law enforcement and the general public.

Redemption theory

The Redemption movement is based on a theory by Roger Elvick, who has been called a “founding father” of the modern redemption movement. The theory is, in part, that for every citizen’s birth certificate issued in the U.S. since the 1936 Social Security Act, the government deposits \$630,000 in a hidden bank account linked to the newborn American and administered by a Jewish cabal. Redemptionists assert that by completing certain legal maneuvers and filing a series of government forms, the actual person may entitle himself or herself to the \$630,000 held in the name of the doppelganger persona created for him or her at birth, and may then access these government funds using “sight drafts”. The government views these sight drafts as “rubber checks” and the entire scheme as fraudulent. The federal government has convicted the practitioners of fraud and conspiracy. (http://en.wikipedia.org/wiki/Redemption_movement#cite_note-P4P-1)

Other important documents in this theory are the [security agreement](http://en.wikipedia.org/wiki/Security_agreement) (http://en.wikipedia.org/wiki/Security_agreement), [power of attorney](http://en.wikipedia.org/wiki/Power_of_attorney) (http://en.wikipedia.org/wiki/Power_of_attorney), [copyright notice](http://en.wikipedia.org/wiki/Copyright_notice) (http://en.wikipedia.org/wiki/Copyright_notice), hold-harmless agreement, Form UCC-3, notice of security agreement, birth certificate bond, Form 56 (notice concerning fiduciary relationship), [Form W-8BEN](http://en.wikipedia.org/wiki/Form_W-8BEN) (http://en.wikipedia.org/wiki/Form_W-8BEN) (serving notice to the U.S. Secretary of the Treasury ([http://en.wikipedia.org/wiki/U.S. Secretary of the Treasury](http://en.wikipedia.org/wiki/U.S._Secretary_of_the_Treasury)) of the correct status of the issuer of the bond and countering any presumption that the issuer might be considered to be a fictional entity), declaration of status, Form 1040-V (http://en.wikipedia.org/w/index.php?title=Form_1040-V&action=edit&redlink=1), Form 1099-OID (http://en.wikipedia.org/w/index.php?title=Form_1099-OID&action=edit&redlink=1), and the Notice of International Commercial Claim in Admiralty Administrative Remedy. It is held, however, that the [UCC-1](http://en.wikipedia.org/wiki/UCC-1_financing_statement) (http://en.wikipedia.org/wiki/UCC-1_financing_statement) merely creates a [rebuttable presumption](http://en.wikipedia.org/wiki/Rebuttable_presumption) (http://en.wikipedia.org/wiki/Rebuttable_presumption), which can be overcome if a man or woman is receiving some sort of benefit from the state as a slave. It is held to be important to not sign documents such as [W-4 forms](http://en.wikipedia.org/wiki/W-4_form) (http://en.wikipedia.org/wiki/W-4_form), or if one is to sign them, to also write “under [duress](http://en.wikipedia.org/wiki/Duress) (<http://en.wikipedia.org/wiki/Duress>)”.

One element of the theory states that Americans are [U.S. nationals](http://en.wikipedia.org/wiki/U.S._national) ([http://en.wikipedia.org/wiki/U.S. national](http://en.wikipedia.org/wiki/U.S._national)), not [U.S. citizens](http://en.wikipedia.org/wiki/U.S._citizen) ([http://en.wikipedia.org/wiki/U.S. citizen](http://en.wikipedia.org/wiki/U.S._citizen)), and can therefore avoid taxes by changing their filing status from “U.S. citizen” to “[non-resident alien](http://en.wikipedia.org/wiki/Non-resident_alien)” (http://en.wikipedia.org/wiki/Non-resident_alien)”. This argument has been repeatedly rejected by federal courts. Classes are often set up to teach the intricacies of the theory, and books have been published about it in the [underground press](http://en.wikipedia.org/wiki/Underground_press) (http://en.wikipedia.org/wiki/Underground_press). Canaanite law is held to be an important source of law and *The Wizard of Oz* ([http://en.wikipedia.org/wiki/The Wizard of Oz \(1939 film\)](http://en.wikipedia.org/wiki/The_Wizard_of_Oz_(1939_film))) (presumably because of the [scarecrow](http://en.wikipedia.org/wiki/Scarecrow_(Oz)) ([http://en.wikipedia.org/wiki/Scarecrow \(Oz\)](http://en.wikipedia.org/wiki/Scarecrow_(Oz))) character, i.e. the “straw man”) and *The Matrix* ([http://en.wikipedia.org/wiki/The Matrix](http://en.wikipedia.org/wiki/The_Matrix)) trilogy are held to have important symbolism in reference to this theory, and there is also said to be some connection to the [New World Order](http://en.wikipedia.org/wiki/New_World_Order_(conspiracy_theory)) ([http://en.wikipedia.org/wiki/New World Order \(conspiracy theory\)](http://en.wikipedia.org/wiki/New_World_Order_(conspiracy_theory))). (http://en.wikipedia.org/wiki/Redemption_movement#cite_note-14)

The **redemption movement** consists of supporters of an [American \(http://en.wikipedia.org/wiki/United_States\) conspiracy theory \(http://en.wikipedia.org/wiki/Conspiracy_theory\)](http://en.wikipedia.org/wiki/United_States_conspiracy_theory). **Redemption theory** involves claims that when the [U.S. government \(http://en.wikipedia.org/wiki/United_States_government\)](http://en.wikipedia.org/wiki/United_States_government) abandoned the [gold standard \(http://en.wikipedia.org/wiki/Gold_standard\)](http://en.wikipedia.org/wiki/Gold_standard) in 1933, it pledged its citizens as [collateral \(http://en.wikipedia.org/wiki/Collateral_\(finance\)\)](http://en.wikipedia.org/wiki/Collateral_(finance)) so that it could borrow money. Other theories claim this happened in 1913 with the establishment of the [Federal Reserve System \(http://en.wikipedia.org/wiki/Federal_Reserve_System\)](http://en.wikipedia.org/wiki/Federal_Reserve_System). The movement also asserts that common citizens can gain access to funds in secret accounts using obscure procedures and regulations.

According to the theory, the government created a [fictitious person \(http://en.wikipedia.org/wiki/Legal_fiction\)](http://en.wikipedia.org/wiki/Legal_fiction) (or “straw man”) corresponding to each newborn citizen with bank accounts initially holding \$630,000. The theory further holds that through obscure procedures under the [Uniform Commercial Code \(http://en.wikipedia.org/wiki/Uniform_Commercial_Code\)](http://en.wikipedia.org/wiki/Uniform_Commercial_Code), a citizen can “reclaim” the straw man and write checks against its accounts.
(http://en.wikipedia.org/wiki/Redemption_movement#cite_note-2)

There have been many well-publicized convictions of citizens attempting to take advantage of this theory. The [Federal Bureau of Investigation \(http://en.wikipedia.org/wiki/Federal_Bureau_of_Investigation\)](http://en.wikipedia.org/wiki/Federal_Bureau_of_Investigation) (FBI) regards the instructors and promoters of Redemption schemes as fraudsters while the [Internal Revenue Service \(http://en.wikipedia.org/wiki/Internal_Revenue_Service\)](http://en.wikipedia.org/wiki/Internal_Revenue_Service) has included the “straw man” claim in its list of [frivolous \(http://en.wikipedia.org/wiki/Frivolous\)](http://en.wikipedia.org/wiki/Frivolous) positions that may result in the imposition of a \$5,000 penalty when used as the basis for an inaccurate tax return.

Legal status

Several people who have followed Roger Elvick's instructions have been convicted. The Internal Revenue Service (http://en.wikipedia.org/wiki/Internal_Revenue_Service) has included the "straw man" claim in its list of frivolous (<http://en.wikipedia.org/wiki/Frivolous>) positions that may result in the imposition of a \$5,000 penalty when used as the basis for an inaccurate tax return. Likewise the Federal Bureau of Investigation (http://en.wikipedia.org/wiki/Federal_Bureau_of_Investigation) (FBI) regards the instructors and promoters of Redemption schemes as fraudsters. (http://en.wikipedia.org/wiki/Redemption_movement#cite_note-FBI-3)

A 2011 NPR (<http://en.wikipedia.org/wiki/NPR>) report claimed some of the people associated with this movement were imprisoned in a highly restrictive Communication Management Unit (http://en.wikipedia.org/wiki/Communication_Management_Unit).

Interesting stuff huh. An informed world is a safer world. Shinning a spotlight on these cockroaches who love hiding in the dark, is my pleasure.

Khazars in DSCI

In the usual sense, I am not much on entering conflicts between different parties, as may be the case here on Emaheiser's comments on James (at the Covenant People's Ministry Forum—CPMF with comments on Eli James under "Bible Tools and Teachers"). But because James has turned out to be a major leader in the DSCI motion (he calls himself Pastor James to DSCI people and readers in this forum), I am compelled to address this thread because when leaders err/are bad, they influence and lead their followers down the primrose lane of disaster/destruction.

It's sort of like the morality situation with Bill Slick Clinton. The US was already at the sewer level in morality even before he became president. But the open sodomy in the US Whitehouse under Slick threw the nation much deeper into depravity and evil if that was possible. Anyway, after his continuous lies and sodomite encounters with the Khazar Jewess Monica, he brought the morality of the American people down further; yes, he helped bring America's supposedly Christian people, deep into the gutter.

All of a sudden, we had an explosion of little girls in grade school going down on little boys to give them an oral sex job all the while the little girls could still claim to be virgins. After all, this was not sex, per Slick.

Leaders must set an example for followers. If they are evil and sorry they will take their followers down with them. Not only can they and do they lead the people into the sewer, but they introduce bad measures which in time will also lead the people into the sewer.

The Khazar Jew William Gale

Take the case of Colonel William Potter Gale. I will not deny that Gale was a passionate enemy of the Jews publicly. He seemingly had no love for Jews of any kind—Sephardim, Ashkenazim, religious or what. But what few realize is that Gale himself was an Ashkenazi, Khazar, racial Jew—a stealth Jew.

The year 1956 was evidently a catalyst year for the Christian Identity people in Southern California when Gale became influential and a leader of sorts in the movement. Gale knew little about the Scriptures (as it was Comparet and Swift who were the so called theologians who were doing the research needed in dual seedline theology); but Gale manifestly was much concerned with politics and militancy. He provided leadership in the direction of moving the motion to be more militant and militant in terms of politics.

This work by Gale hurt the developing Christian Identity motion in Southern California because instead of focusing on the Scriptures and morality, the movement moved to becoming a political motion to change US politics and being more militant in organizing para-military forces to start a revolution or make political changes to the nation (which was sure to bring on a response of

hate and opposition from the Khazar Jew rulers of the nation).

None of this from Gale was needed by certainly the New Testament outline and standard (and would in time bring on absolute sorrow, trouble and death to people involved with Richard Butler's later work where the feds constantly had believers under indictment, standing trial, going to prison and even murdering some of them as with the Randy Weaver family and others).

From 1956 on, America and CI both needed believers and supporters who were alive and not under indictment or in prison and who could do more constructive things to stop the Khazars (like spending their money, time and effort to educate and inform others on the evils of the Khazar Jews; instead of creating a para-military operation which would lead the Khazars to imprison and murder believers). A man alive and working with some income could use his time and money to educate and inform as a minimum, his own family and maybe thousands of others about the work of the Khazars to bring on world government and the end of us all. Dead or in prison, such a man is worthless.

And why did the Jew hater Gale introduce and promote a major and different direction to the CI motion? Well, Gale's father was originally an Amalekite Jew named Charles Grabfiker who changed his name to Gale (this backdrop is covered extensively on the Internet and at www.age-end.com). If Gale's mother was a goy, then he would have been half Khazar. For sure, he had enough bad genes to move the DSCI movement in the wrong direction at the wrong time.

The point of the above is that Satan does not come to us in black, with a red tail, carrying a pitchfork and breathing fire and brimstone. No he comes to us as an angel of light—looking good; and in America, often looking like a good, honest, loving Christian, though his works are evil and bad by the Scriptures.

The Situation with James

In the way of introductory remarks on the situation with James, let me say that the following is not about Lindstedt, Finck, Visser, Emahiser, Gulett, Herrel, Swift, Butler, me or you. And it certainly is not about James' personal beliefs and even what he has told or is telling his own congregation of followers or even what he has on his own web site. For me personally, all of this is his own business and that of his congregation. I know none of these people personally and care less what they believe.

But this seems to be over questions or material that has now surfaced on this thread, primarily from Clifton Emahiser (but which is somehow being blamed on Lindstedt) in the context that James is a so-called "pastor" and leader in the DSCI motion and is a secret stealth racial Jew teaching bad doctrines to the movement. If this was just a conflict between Lindstedt and Emahiser with James, I would stay out of it. But in this thread, it is a bigger issue and one which will affect the entire future of the DSCI motion. Therefore, it needs to be addressed and settled for the benefit of the overall movement and its future.

The frequent references in this forum, and the CI forum, to Lindstedt and James have made me address the Lindstedt forum and see what he has actually said. While I am not a supporter (or opponent) of Lindstedt and his beliefs (as I am in a very different world, believe me), his arguments are laid out in a reasonable and coherent fashion on James. He may be a raging maniac and nut case, as many charge him to be, but his case against James is not the work of a mad man.

As I can piece together his opposition to James, Lindstedt says that James is a Jew who has had several name changes. He says that he was formally Joseph November and before that a

Jew named Kutz. The November allegation came from a talk show or forum from another party which Lindstedt cites (from possibly Finck or someone else and involving alleged statements actually made by James admitting that he used the alias November). Emahiser repeats the November thing but does not clarify its source.

Lindstedt then adds the Kutz thing (I am not sure where this comes from, but evidently Lindstedt has a source for it and may have cited it and missed by me). Lindstedt then somehow concludes that James is a Sephardic Jew (I take it that James is supposedly a racial Jew and not one by religion since James claims to be a Christian of the CI faith). Well, if his name was/is Kutz, that name to me appears to be a very Khazar Jew name and not Sephardic at all. That would be the only difference I would have with Lindstedt, assuming his otherwise facts are correct.

Lindstedt shows pictures of James and he definitely looks like a short Khazar Jew—racially. But Lindstedt's big argument against him is that he brought a Puerto Rican mamzer-mongrel, and one which Lindstedt alleges to be a faggot queer, into the congregation of Israel and tried to palm the mamzer queer off as a fellow Israelite. Well, Lindstedt followed up with a picture of this Puerto Rican in a meeting conducted by James where the Puerto Rican was shown addressing James' congregation. The picture did offer some very possible proof supporting Lindstedt's charge that the Puerto Rican was a mamzer and a queer.

Now I don't care about the Puerto Rican, whether he is a fag or a mamzer one way or the other. But I have no doubt that all or almost all Puerto Ricans are indeed very racially mixed mongrels of the most gross kind and have no business being present in a congregation of Israel and/or of being sold to the DSCI as fellow Israelites. I cannot fathom how the DSCI collective people or even James' own congregation could support James in this act of deception and evil. Such an act to me suggests the work of a racial Khazar Jew. Trees are known by their fruit. And this fruit isn't good.

In defense of James, I must say that if he wants to teach that the Coloreds are somehow his brothers and his congregation wants to accept it, it is their business and not mine. I could care less what he believes and teaches his people. Otherwise, I note that pictures seemed to show him with a beard. Well, good, this is a commandment in the Torah which at least Orthodox Jews understand while Christians know nothing about it. For my part, this is good that he has hair on his face.

And he seems to be moving his people away from Gee-Zeus to the Sacred Name version of Yahshua (while Yahshua is not Scripturally correct, it is a step up from the Christian approach). As I am very pro Judaism (and pro true Oriental Jews) in my beliefs, I cannot fault James for teaching some Judaism to his people. And if he teaches the Sabbath and festivals of Lev 23, then good, I agree with him. But I must take exception to the mixing of mamzers and an alleged queer at that with the congregation of Israel.

Incidentally, Lindstedt has quoted James on his real name that, per James, it is up to Lindstedt to prove who James is or is not. Well, this is like the situation with Obama. All along he has said that it is not his task to prove his citizenship. It is up to his opponents to prove he is not a citizen born in the US. This approach says that Obama doesn't have to prove anything; instead, it is up to us to MUST PROVE HIM WRONG. And this is the James approach. He is not interested in proving who he is; or of proving anything. Instead he is demanding that Lindstedt (and others) prove who he is/is not.

Well, here, I must take side with Lindstedt. It is up to Obama to prove his citizenship to the satisfaction of Americans. It is likewise up to James to prove who he is/is not to the DSCI people he is assuming leadership over with his assumption of the title PASTOR. If he was a nobody, like most of us, then he need not prove who he is. But he claims to be a Christian

Pastor over the congregation of Israel. In that vein, he needs to prove who he is/is not since that question has now come up.

Yes, he could easily and publicly furnish his legal birth certificate and a picture ID showing that he is a man named James and not a Khazar Jew named Kutz. And I am not talking about a fake birth certificate as Obama has now produced.

My Case and the Bottom Line

Let me conclude by saying that I do not approve of people changing their names. When I registered for this forum, I had some reservations about using a so called user name rather than my real one. But since this was the forum practice I went along with it.

There may be a suspicion that the federal and ADL spies might not be able to follow us with a fake user name instead of our real one and therefore it would make sense to use a fake user name. But I know that both the feds and the ADL have a complete profile on all of us and everything we have done on the Internet (they get this data from our electronic transmissions and from Google and other search engines which supplies data to them).

So when I use Idaho, I am not fooling them. But to set the record straight, and since I am making a case for true names, I am a male named RD Bradshaw and have been that way all my life. My parents were racial English, Welsh and Irish and my ancestor religion on both sides was essentially Baptist. I myself once long ago was a member of the Armstrong church so I have a long heritage with British Israelism. Thus, I am a racial Israelite of the lost tribes, but very Jewish in religion.
